

TRANSFER GUIDE FOR OREGON STATE UNIVERSITY

Major Offered At:

CORVALLIS

ECAMPUS

**Linn Benton
Community College**

Horticulture

Horticulture involves the production, genetic improvement, and research of fruits, nuts, vegetables, and ornamental plants, along with the design, construction, and management of landscape plantings such as parks, gardens, golf courses, sports fields, and ecological restoration projects. Our program provides students with the skills, knowledge, and applied experience needed to provide novel and innovative solutions to contemporary environmental issues.

Students must select from one of these options:

- Ecological Management of Turf, Landscape, & Urban Horticulture
- General Horticulture (Ecampus only)
- Plant Breeding & Genetic
- Sustainable Horticulture Production
- Therapeutic Horticulture
- Viticulture and Enology
- Horticulture Research*

* Please refer to the Horticulture Research Transfer Guide for course information

Your Bachelor's Degree (BS) in Horticulture

- A minimum of 180 credits are required for graduation; 60 must be upper division (300 and 400-level courses).
- A maximum of 135 transfer credits may be applied toward a bachelor's degree at OSU.
- Only courses with letter prefixes and numbers above 100 are accepted.
- Option required for Horticulture major
- More info at: agsci.oregonstate.edu/horticulture-main/degree/horticulture

Courses Required for Horticulture Major

This list is not comprehensive. Speak with OSU advisor for more information.

Horticulture Core Requirement	LBCC Equivalent Course	OSU Course	Notes
Biology			
Introductory Biology	--	BI 204 BI 205 BI 206	BI 204-206 available online to Ecampus students only; may not meet requirements for required courses in this or other programs
Principles of Biology	--	BI LD2 BI LD2 BI LD2	Only select one full series (either all of 204-206, all of 211-213, or all of 221-223)
Principles of Biology	BI 221 BI 222 BI 223	BI 221 BI 222 BI 223	OSU now only offers BI 221-223. If taking BI 211-213, you must take entire series at LBCC Refer to admissions.oregonstate.edu/ld1-and-ld2-explained to learn more about BI LD2 equivalency
General Chemistry			
	CH 121 CH 122 CH 123	CH 121 CH 122 CH 123	CH 121-123 available online at OSU Only select one full series (either all 100-level, or 200-level)
	CH 221 CH 222 CH 223	CH 231/261 CH 232/262 CH 233/262	Lecture & lab for 200-level Chemistry have separate course numbers at OSU
Mathematics			
College Algebra	MTH 111	MTH 111	MUST complete MTH 111
Elementary Functions	MTH 112	MTH 112	Complete 1(one) additional math course from options listed. Work with OSU advisor to discuss best course for preferred option
Calc for Mgmt & Social Sci	MTH 241	MTH 241	
Math for Mgmt, Life, Social Sci		MTH 245	
Differential Calc			

Courses Required for Horticulture Major, cont.

This list is not comprehensive. Speak with OSU advisor for more information.

Horticulture Core Requirement	LBCC Equivalent Course	OSU Course	Notes
Soil Science	CSS 205 --	SOIL 205/206 CSS 205	Complete 1(one) CSS 205 = Available online at OSU
Intro to Hort. Systems, Practices and Careers	--	HORT 112	Available online at OSU
Additional HORT Courses			Other courses may apply to this option. Work with OSU HORT advisor for appropriate course selection

Courses Required for Horticulture Major: Option specific coursework

Hort. Option Requirements	LBCC Equivalent Course	OSU Course	Notes
Ecological Management of Turf, Landscape, & Urban Horticulture			
Landscape I: Deciduous Hardwood	HORT 226	HORT 226	Available online at OSU
Landscape II: Spring Flower Trees	HORT 228	HORT 228	Available online at OSU
Plant Materials Elective Dendrology Intro to Environ. Econ & Policy Intro to Agric. & Food Econ.	-- HORT 251 HORT 255	FES 241 HORT 251 HORT 255	Complete 1(one) course Other options available post-transfer. Work with OSU advisor for course selection FES 241 - Available online at OSU
Business Management Agriculture & Food Mgmt. Agriculture & Food Marketing Intro to Environ. Econ & Policy Intro to Agric. & Food Econ. Intro to Entrepreneurship	AREC 211 AREC 221 -- -- BA 260	AEC 211 AEC 221 AEC 250 AEC 251 BA 260	Complete 1(one) course Other options available post-transfer. Work with OSU advisor for course selection AEC 211/250/251, BA 260 = Available online at OSU
Sustainable Horticulture Production			
Plant Materials Crop Ecology & Morphology Dendrology Landscape I: Deciduous Hdwd Landscape II: Sp. Flower Trees Temperate Tree Fruit, Berries, ... Herbaceous Ornamental	-- -- HORT 226 HORT 228 HORT 251 HORT 255	CROP 200 FES 241 HORT 226 HORT 228 HORT 251 HORT 255	Complete 2(two) courses Other options available post-transfer. Work with OSU advisor for course selection CROP 200, FES 241, HORT 226/228 = Available online at OSU
Hort. Production Elective Organic Farm/Gardening	HORT 260	HORT 260	Complete 1(one) course Other options available post-transfer. Work with OSU advisor for course selection HORT 260 = Available online at OSU
Business Management Agriculture & Food Mgmt. Agriculture & Food Marketing Intro to Environ. Econ & Policy Intro to Agric. & Food Econ. Intro to Entrepreneurship	AREC 211 AREC 221 -- -- BA 260	AEC 211 AEC 221 AEC 250 AEC 251 BA 260	Complete 1(one) course Other options available post-transfer. Work with OSU advisor for course selection AEC 211/250/251, BA 260 = Available online at OSU
Government and Policy Global Poverty & Sust. Develop Intro to Environ. Econ & Policy Intro to Agric. & Food Econ. Environ. Law, Policy, & Econ. Manage Nat. Resource for Future Nat. Resource Probs & Solutions Intro to US Gov & Politics Intro to Intl. Relations	-- -- -- -- -- -- PS 201 PS 205	AEC 243 AEC 250 AEC 251 AEC 253 NR 201 NR 202 PS 201 PS 205	Complete 1(one) course Other options available post-transfer. Work with OSU advisor for course selection AEC 250/251/253, NR 201/202, PS 201/205 = Available online at OSU
Therapeutic Horticulture			
Plant Materials Landscape I: Deciduous Hdwd Landscape II: Sp. Flower Trees Temperate Tree Fruit, Berries, ...	HORT 226 HORT 228 HORT 251	HORT 226 HORT 228 HORT 251	Complete 2(two) courses Other options available post-transfer. Work with OSU advisor for course selection

Herbaceous Ornamental	HORT 255	HORT 255	HORT 226/228 = Available online at OSU
Horticulture Science & Technology Organic Farm/Gardening Permaculture Design & Theory	HORT 260 --	HORT 260 HORT 285	Complete 2(two) courses. Other course available to select from post-transfer. Work with OSU advisor for course selection All courses listed = Available online at OSU
Hort. Option Requirements	LBCC Equivalent Course	OSU Course	Notes
Therapeutic Horticulture (continued from page 2)			
Intro to Therapeutic Hort.	--	HORT 270	
Techniques & Adapt. Strategies	--	HORT 271	
Basic Therapeutic Skills I	--	HORT 272	
Basic Therapeutic Skills II	--	HORT 273	
Therapeutic Hort. Programs	--	HORT 274	
Therapeutic Garden Design	--	HORT 275	
General Psychology	PSY 201	PSY 201	Available online at OSU
General Psychology	PSY 202	PSY 202	Available online at OSU
Human Lifespan Development	PSY 215	PSY 350 (LD)	Available online at OSU (LD) = Transfers as lower division credit
Abnormal Psychology	PSY 219	PSY 381 (LD)	Available online at OSU (LD) = Transfers as lower division credit
Viticulture and Enology			
Temperate Tree Fruit, Berries, ...	HORT 251	HORT 251	
Horticulture Science & Technology Metals & Welding Organic Farm/Gardening Permaculture Design & Theory	-- HORT 260 --	AG 221 HORT 260 HORT 285	Complete 1(one) course. Other options available post-transfer. Work with OSU advisor for course selection HORT 260/280 = Available online at OSU
Organic Chemistry	CH 241 CH 243	CH 331 (LD) CH 332 (LD)	(LD): Transfers as lower division credit.
Business Management Agriculture & Food Mgmt. Agriculture & Food Marketing Intro to Environ. Econ & Policy Intro to Agric. & Food Econ. Intro to Entrepreneurship	AREC 211 AREC 221 -- -- BA 260	AEC 211 AEC 221 AEC 250 AEC 251 BA 260	Complete 1(one) course Other options available post-transfer. Work with OSU advisor for course selection AEC 211/250/251, BA 260 = Available online at OSU
Plant Breeding & Genetic (Also listed as option in Crop & Soil Science major)			
Plant Materials Crop Ecology & Morphology Dendrology Landscape I: Deciduous Hdwd Landscape II: Sp. Flower Trees Temperate Tree Fruit, Berries, ... Herbaceous Ornamental	CSS 200 -- HORT 226 HORT 228 HORT 251 HORT 255	CROP 200 FES 241 HORT 226 HORT 228 HORT 251 HORT 255	Complete 1(one) course Other options available post-transfer. Work with OSU advisor for course selection CROP 200, FES 241, HORT 226/228 = Available online at OSU
General Horticulture - Ecampus only (all courses listed available online at OSU)			
Plant Materials Intro to Plant Biology Landscape I: Deciduous Hdwd Landscape II: Sp. Flower Trees Herbaceous Ornamental	-- HORT 226 HORT 228 HORT 255	BOT 220 HORT 226 HORT 228 HORT 255	Complete 3(three) courses Other options available post-transfer. Work with OSU advisor for course selection
Business Management Agriculture & Food Mgmt. Agriculture & Food Marketing Intro to Entrepreneurship	AREC 211 AREC 221 BA 250	AEC 211 AEC 221 BA 260	Complete 1(one) course Other options available post-transfer. Work with OSU advisor for course selection
Government and Policy Intro to Environ. Econ & Policy Environ. Law, Policy, & Econ. Intro to US Gov & Politics Intro to Intl. Relations	-- -- PS 201 PS 205	AEC 250 AEC 253 PS 201 PS 205	Complete 1(one) course Other options available post-transfer. Work with OSU advisor for course selection

Advising Contacts

Academic advisors at your community college and OSU are available to answer your questions and assist you in creating a transfer plan. **See your community college advisor first and use this Transfer Guide to help you**

plan. It is important to speak with your OSU academic advisor early on, and often, to ensure correct course selection and sequencing. See visitosu.oregonstate.edu/visit-campus to schedule your personalized visit.

General Education Courses (called the Baccalaureate Core)

- Complete one course in each Perspective category with no more than two in the same department.
- Full listing of Linn Benton CC courses that fulfill Bacc Core requirements: admissions.oregonstate.edu/baccalaureate-core-course-equivalencies-linn-benton-community-college

SKILLS COURSES	Math Writing I Writing II Speech (Writing III) Fitness HHS 231 and 241	Completed as part of major WR 121. Required to transfer. Can be completed as part of major: see advisor Choose one course from BaccCore link above HPE 295
PERSPECTIVE COURSES	Biological Science Physical Science Additional Biological or Physical Science Cultural Diversity Literature and the Arts Social Processes and Institutions Western Culture	Completed as part of major Completed as part of major Completed as part of major Choose one course from BaccCore link above Choose one course from BaccCore link above Completed as part of major Choose one course from BaccCore link above
DPD COURSE	Difference, Power, & Discrimination	Can be completed as part of major: see advisor
SYNTHESIS COURSES	Contemporary Global Issues Science, Technology, & Society	Upper division course, take through OSU Upper division course, take through OSU

Horticulture option descriptions

Ecological Management of Turf, Landscape, & Urban Horticulture – The Turf Management program works to develop ecological and sustainable ways to manage large grassed areas, such as golf courses, athletic fields, and parks. In the Landscape and Urban Horticulture program, students will learn about sustainable landscape management, urban forestry, and the ecosystem services provided by the built environment, such as carbon sequestration and climate regulation, temperature modulation, waste decomposition and detoxification, purification of water and air, storm and rainwater management, crop pollination, pest and disease control, nutrient dispersal and cycling, seed dispersal, intellectual and spiritual inspiration, recreational experiences, and scientific discovery. Landscape professionals design, build, and manage aesthetically pleasing, functional, and environmentally responsible natural spaces where we all live, work, and play. Some focus is on ecological restoration of disturbed habitats.

General Horticulture (on-line option) – provides students with a strong foundation in horticultural science. Recommended for students already working in the horticultural industry, whose careers will benefit from post-secondary education in the horticultural sciences.

Plant Breeding & Genetics - Students in the Plant Breeding and Genetics Option will learn an interdisciplinary approach to applied plant breeding by taking courses across a broad spectrum of disciplines. The option may be tailored to meet students' career goals including graduate school, as well as directly entering public or private sector breeding programs. After completing the degree, students will have gained fundamental knowledge in plant breeding that may be applied in a range of crops including annual and perennial horticultural crops, agronomic food and feed crops, and forestry products. See note on last page.

Sustainable Horticultural Production – Students will gain skills & knowledge necessary to manage integrated & organic fruit, nut, and vegetable farms, fields and orchards, along with nursery and greenhouse production systems. You will gain knowledge & experience in integrated pest management, plant propagation, plant nutrition, soil science, ecology, agricultural policies & business.

Therapeutic Horticulture – prepares students with the skills and knowledge needed to design healing and adapted gardens and to provide therapy programs used to improve the quality of people's lives. The curriculum stresses effectively treating many types of clients, including senior citizens with physical or cognitive issues, individuals with developmental disabilities, and at-risk youth with the restorative powers of gardens, landscapes, and greenscapes. Graduates of this option may become Registered Horticultural Therapists, Community Garden Coordinators, and Rehabilitation Program Coordinators.

Viticulture and Enology – this option is designed to support student learning about sustainable grape production practices that consider vine and vineyard health. Recent graduates of the Viticulture and Enology option have become vineyard managers, viticulturalists, consultants, and winemakers.

Refer to Horticulture: Horticulture Research Transfer Guide if interested in option below:

Horticultural Research – This option is designed for students interested in graduate school and/or a career in academic or industrial research. It provides an excellent foundation in the natural sciences and horticulture, and accommodates specific research interests. Studies will involve critical thinking, and allow students to seek out, synthesize, and apply information from many sources to analyze novel situations and solve problems. Option requires a research project under the guidance of a faculty mentor, and an undergraduate thesis.
