**Sustainability Double Degree**

Sustainability impacts all aspects of global business, politics, economics, and society, creating a need for leaders who have the skills and knowledge to address issues such as climate change, reliance on traditional energy sources, water issues, and the demand for socially and environmentally responsible products and services.

The B.S. in Sustainability is only available as a double degree. Current OSU students can complete the B.S. in addition to their primary degree program. The degree is designed to complement all OSU degree programs. For example, a student can major in Fisheries and Wildlife and then add the Sustainability Double degree to receive a B.S. in both areas of study.

**Courses for this Major (offered online)**

This list is not comprehensive. Contact an OSU advisor for more information.

*Most courses required for the Sustainability Double Degree are upper division and must be taken at OSU. Check with your primary major advisor for information about what lower division courses might transfer for that degree.*

Important Notes & Resources

Important Notes for the College and Major:
- Other similar majors to explore: Natural Resources, Fisheries and Wildlife, Environmental Sciences.
- Sustainability students complete a Practicum which may be fulfilled by an internship, research, study abroad, or an alternative spring break project.
- Corvallis students in the Sustainability Double Degree Program may join a variety of relevant clubs on campus, including Waste Watchers, or consider getting involved with the OSU Sustainability Office.
- Courses that count towards a primary major of your choice and some Baccalaureate Core courses are priority courses to complete before transferring to OSU.
- Students can transfer and begin Sustainability coursework any term, but you should check when is the best time of year to transfer based on your primary major and its requirements. Talk with an OSU advisor about your specific timeline. Speak with your Sustainability advisor early on, and often.

Resources and OSU Information:
- Students do not have to complete a transfer degree in order to transfer to OSU.
  - If you’ve completed the Oregon AAOT, all requirements of the Baccalaureate Core are complete except for Synthesis Courses and Writing Intensive Courses.
- Preparing to apply to OSU? See admissions info: oregonstate.edu/admissions/transfer.html
- Want to take classes at both OSU and an Oregon community college? Check out the Degree Partnership Program: partnerships.oregonstate.edu/students
- Visit OSU for a campus tour and meet with an advisor; schedule your visit at visitosu.oregonstate.edu/visit-campus

General Education Courses (called the Baccalaureate Core)

- Complete one course in each Perspectives category with no more than two in the same department.
- For full listing of courses that fulfill Baccalaureate Core, please refer to https://admissions.oregonstate.edu/baccalaureate-core-course-equivalencies-mount-hood-community-college
- SUS students are likely to fulfill their Bacc Core Biological Science and Lab by taking SUS 102 and one of their Synthesis courses by taking either SUS 350 or SUS 304.
