Farm, Fork, Glass: AgriCulture & Innovation in England

Summer 2017 Faculty-Led Tour
Dr. D. Barry Croom, Department Head

June/July 2017
6 credits

Earn credit toward
Comparative International Agriculture Minor
Hands-on experience, cultural learning

Visit Nottingham and the Cotswolds with OSU Agriculture Science faculty, to learn about issues & trends in modern agriculture. This trip includes farm visits, industry tours, hands-on experience in fermentation, crops, animal and soil sciences, and a view of agricultural economies in Robin Hood’s historic England.
