

# OSU & WSU Hemp Field Days

July 25 & 26, 2023

Join Oregon State University and Washington State University faculty to learn about hemp production at two consecutive field days. We will visit OSU and WSU research centers and hear about how fiber and grain hemp perform with and without irrigation, nitrogen management, dual-purpose production systems, and current pest and disease issues. In addition, we will tour Columbia Basin Bioscience's production fields and processing facility.

**Tuesday, July 25, 2023**

10:30am - 4:30pm

**Columbia Basin Research and Extension Center • Pendleton, OR**

**Wednesday, July 26, 2023**

8:00am – 12:00pm

**Irrigated Agriculture Research and Extension Center • Prosser, WA**

It is free to attend but registration is required. Lunch will be provided. You may register for one or both days by clicking this [link](#) or scanning this QR code:
