

Native Willamette Valley Hedgerow Plants that Support Pollinators and/or Beneficial Insects

Common name	Species	Rooting from Live Stakes	Recommended Propagation Methods*	Colored Bars Indicate Bloom Period and Flower Color						
				Feb	Mar	Apr	May	Jun	Jul	Aug

Vines

western white clematis	<i>Clematis ligusticifolia</i>		C						
orange honeysuckle	<i>Lonicera ciliosa</i>		C						
pink honeysuckle	<i>Lonicera hispidula</i>		BR, C						

Small Shrubs

Cascade barberry	<i>Mahonia (=Berberis) nervosa</i>		BR, C						
dwarf rose	<i>Rosa gymnocarpa</i>		BR						
common snowberry	<i>Symphoricarpos albus</i>	Excellent	LS, BR						

Large Shrubs or Small Trees

Saskatoon serviceberry	<i>Amelanchier alnifolia</i>		BR, C						
hairy manzanita	<i>Arctostaphylos columbiana</i>		C						
coyotebrush	<i>Baccharis pilularis</i>		C						
buckbrush	<i>Ceanothus cuneatus</i>		BR, C						
redstem ceanothus	<i>Ceanothus sanguineus</i>		C						
blue blossom	<i>Ceanothus thyridiflorus</i>		BR, C						
snowbrush ceanothus	<i>Ceanothus velutinus</i>		C						
redosier dogwood	<i>Cornus sericea</i> ssp. <i>sericea</i>	Excellent	LS, BR						
black hawthorn	<i>Crataegus suksdorfii</i> , <i>C. douglasii</i>		BR						
oceanspray	<i>Holodiscus discolor</i>		BR						
twinberry honeysuckle	<i>Lonicera involucrata</i>	Excellent	LS, BR						
tall Oregon grape	<i>Mahonia (=Berberis) aquifolium</i>		BR						
California wax myrtle	<i>Myrica californica</i>		C						
osoberry (Indian plum)	<i>Oemleria cerasiformis</i>	Fair	BR, LS						
Lewis' mockorange	<i>Philadelphus lewisii</i>	Good	LS, BR						
Pacific ninebark	<i>Physocarpus capitatus</i>	Excellent	LS, BR						
Pacific rhododendron	<i>Rhododendron macrophyllum</i>		C						
redflower currant	<i>Ribes sanguineum</i>	Fair	BR, LS						
Nootka rose	<i>Rosa nutkana</i>		BR						
swamp rose	<i>Rosa pisocarpa</i>		BR						
thimbleberry	<i>Rubus parviflorus</i>		BR						
salmonberry	<i>Rubus spectabilis</i>	Good	LS, BR						
blue elderberry	<i>Sambucus nigra</i> ssp. <i>cerulea</i>		BR						
red elderberry	<i>Sambucus racemosa</i>	Good	LS, BR						
rose spirea	<i>Spiraea douglasii</i>	Excellent	LS, BR						
evergreen huckleberry	<i>Vaccinium ovatum</i>		C						
common viburnum	<i>Viburnum ellipticum</i>		BR						

Trees

Oregon crab apple	<i>Malus (=Pyrus) fusca</i>		BR						
bitter cherry	<i>Prunus emarginata</i>		BR						
western chokecherry	<i>Prunus virginiana</i> var. <i>demissa</i>		BR						
cascara	<i>Rhamnus (=Frangula) purshiana</i>		BR						
native willows	<i>Salix</i> spp.	Excellent	LS						

*Propagation methods: LS=Live Stakes, C=Container, BR=Bare-root
