College of Agricultural Sciences – ATV Safety Program

Policy and Responsibilities

Only CAS employees and official volunteers meeting the training requirements below may operate an ATV or similar utility vehicle during the course of their work or on OSU property.

*No one under the age of 18 is allowed to operate an ATV or any OSU vehicle*

Procedure

http://agsci.oregonstate.edu/research/safety-and-compliance/agricultural-safety-training-resources

Training Requirements:

- Complete the Oregon online ATV safety education course and receive your education card.
- Read and comply with OSU’s policy 211: Golf Cart/Utility Vehicle Policy.
- Demonstrate their ability to operate the vehicle safely and effectively.

PPE Requirements:

- Personal protective equipment should be appropriate for conditions. For example; sturdy boots, long pants, long-sleeved shirt, gloves and safety goggles would be needed while operating in brush.

Work Requirements:

- First aid kit available at work site.
- Communication plan in place in case of injury.
  - Job location
  - Communication device
  - Check-in/Check-out procedures if working alone, but avoid if possible
  - Emergency contact information including nearest hospital address, driving directions and phone number
